It is agreed that upon default of any installment, the entire balance will become due and service may be disconnected following a ten (10) day written notice. Upon default, nothing herein shall constitute a waiver of the Utility's rights to collect the unpaid balance or to prevent the Utility from exercising its right to disconnect service, because of such delinquency. In the event service is disconnected, the utility may require a deposit under PSC 185.36 to insure payment of future bills, and a \$25.00 reconnection fee will be assessed prior to turning service back on. In addition, the Utility is not obligated to enter into an additional deferred payment plan to avoid disconnection, unless the customer can establish a valid change in their ability to pay causing the original default.

You have the right to suggest a different payment agreement; If you believe the terms of this agreement are unreasonable, DO NOT SIGN IT; If you and the utility cannot agree on terms, you may ask the commission to review the disputed issues (1-800-225-7729); If you sign this agreement, you agree that you owe the amount due under the agreement; Signing this agreement does not affect your responsibility to pay for your current service. Allowing any bill for current service to become delinquent places you in default of this agreement.
